You know how you look back at the '90s and think, that was the golden era?

Well, you're in it right now with this mentorship.

My podcast is growing fast.

Neutonic is doing over 7 figures a month.

I won't be doing this forever.

Now is the perfect time to join, I have all the experience and I'm still involved.

2 years from now, I may not even be in the Discord anymore.

And if I am, we will be waaaaaay more expensive haha.

Don't miss the '90s.

It's going to \$4000 which is too cheap, but you can get in now at the reduced rate.

IF we exit Neutonic to Coca Cola, I'm giving 12 months' notice in the Discord and I'm throwing my phone in a bin when the notice is up.

I'll spend the rest of my days learning to surf and doing BJJ.

There is no better time to join than now.

P.S. Looking at that, even \$4k seems too cheap imo...
